Network Ports Installed	4 x 1GbE, 2 x 10GbE (CX4)	4 x 1GbE, 2 x 10GbE (CX4)	4 x 1GbE, 2 x 10GbE (CX4)	2 x 1GbE, 2 x 10GbE (CX4)
Interconnect Options	1GbE/10GbE (CX4/XFP/SFP+)	1GbE/10GbE (CX4/XFP/SFP+)	1GbE/10GbE (CX4/XFP/SFP+)	1GbE/10GbE (CX4/XFP/SFP+)
Hardware RAID	0, 1, 5, 6, 10, 50, 60	0, 1, 5, 6, 10, 50, 60	0, 1, 5, 6, 10, 50, 60	0, 1, 5, 6, 10, 50, 60

“ The Igloo 64 T-Stor is quite remarkable as no other storage vendor comes close to matching its price/capacity ratio. This level of storage, features and redundancy normally comes with an enterprise price tag – but Boston shows this certainly isn't the case anymore.”

BOSTON IGLOO  
64 T-STOR

- Flexible platforms designed to provide excellent scalability and value for money
- Add your own drives singularly without any expensive hardware locks or disk packs/trays
- Perfect as a low cost nearline/offline storage solution to migrate data across from expensive SAN solutions
- Various networking and power optimisation options available to increase performance & reduce TCO
- Custom configurations available to meet your exact requirements
- Worldwide on-site warranty packages and Carbon offset schemes available

“ The iGloo 24T-StorMagic delivers an IP SAN solution for a good price. The StorMagic software offers an impressive range of features, with simple configuration and management as a top priority – IP SAN setup really doesn't get any easier than this.”

BOSTON IGLOO 24T-STORMAGIC

“Boston's storage solutions have provided Ministry of Sound with a fantastic solution for storing vast collections of large media files, digital image libraries and offline data archives.”
